

Garlic Mustard Field Day

Wednesday, August 12, 2009
10:00 a.m. to 12:00 p.m.
Peninsula State Park
Fish Creek, Wisconsin

Join UW-Extension Weed Science Specialist Dr. Mark Renz in a tour of the garlic mustard (*Alliaria petiolata*) research treatment plots at Peninsula State Park in Door County. Learn various management options to control this highly invasive plant.

- 10:00 Welcome & introductions: Vijai Pandian, Brown County UW-Extension Horticulture Educator
- 10:10 Garlic mustard research trial walk: Dr. Mark Renz, UW-Extension Weed Science Specialist
- 11:00 Garlic mustard management options: Dr. Mark Renz, UW-Extension Weed Science Specialist
- 11:30 Wisconsin DNR's Proposed Invasive Species Identification, Classification and Control Rule (NR 40) discussion: Dean Volenberg, Door County UW-Extension Agriculture Educator and Bob Bultman, Door County Invasive Species Team Coordinator

This program is sponsored by UW-Extension and is free to the public.
A free parking pass will be provided for Field Day participants at the park office.

Pre-registration is appreciated.
To register, call either of the following offices:
Door County UW-Extension, 920-746-2260
Brown County UW-Extension, 920-391-4653

University of Wisconsin, U.S. Department of Agriculture and Wisconsin counties cooperating. An EEO/AA employer, University of Wisconsin Extension provides equal opportunities in employment and programming, including Title IX and American with Disabilities (ADA) requirements.

Where to meet: Meet on Shore Road near the Skyline parking lot by the tennis court. This is just north of the intersection of Shore Road and Mengleberg Lane at Peninsula State Park, 9462 Shore Road, Fish Creek.
