Start

Completion

<u>-PROJECT #</u>
Conservation Practice(s)
Landowners Name
Site Showing TIME/DATE
Site Location
Bid Return Deadline
Bid Opening Date/Time
Required Project Completion Date
Staff Contact Person: _____

1. The SWCD does not award any contracts. All contracts are between the landowner and the bidding contractor.
2. The landowner reserves the right to select any contractor who submits a bid - the landowner is not required to take the low bid. Cost-sharing will be based on the two lowest bids.
3. The estimated quantities in the plan represent the best estimate of the SWCD and should only be used as a guide. All construction plans should be reviewed carefully and quantities estimated by the bidder. Actual quantities used may differ from SWCD estimated quantities due to actual construction methods. Cost-sharing is based on the bid amount, unapproved overruns will not be cost-shared.
4. Unforeseen costs not accounted for in the original bid must be approved prior to installation and require a CHANGE OF WORK ORDER. To remain eligible for cost-sharing, additional costs must be approved by the SWCD and the landowner.
5. All valid bids must include this form, a SWCD Bid Schedule, and any terms the bidder requires.
